While the show is still airing and the unairing of the show still hasn't happened, there's some definitive information on what will happen to the remaining, unaired, first two episodes of the long-running comedy. Well, at least the episode order. We've now learned the episode numbers for the unaired episodes, including when the episodes will air in their current Sunday night timeslot for the first time. You'll see that the unaired episodes aren't a bit of a head scratcher, as they're following along pretty closely with the rest of the episodes, except with episode three's numbering. Basically, "The Return" will air on February 6 at 9:30PM ET. Then the episode will be followed by the "Previously on Parks and Recreation" episode "Women's Work," which will air on February 20 at 9:30PM. On March 13, we'll see "The Master Plan" at 9:30PM. Last, the final unaired episode, "The Comeback" will air on March 20 at 9:30PM. Hooray for mini-marathons! Now let's see if we can get the remaining episode to air before the end of the season. These 2 episodes cover everything from the concept of "Harmony" to the emotional aspects of the "Battle of the Heavens" itself and the mechanics of the units themselves. These episodes are also the last on the subject before moving on to other topics such as what went wrong with the Emperor, the Imperial Navy, and the other major rebellions of the Heian Period. DG: Hope you enjoy! Music Ep1 – Purification of the Emperor by Kio Shirayuki (???) Ep2 – War of the Heavens by Yodaka (???) Ep3 – Battle of the Heavens by Mafuyu (???) Ep4 – Implosion by Tokuchi (???) Ep5 – In the Wings by Kio (???) Q: What is the chemical formula of this organic compound? The question is regarding a part of the problem on this link, that is: I found the  $\text{C}_{82157476}\text{af}$
